

## SAP UA Student Recognition Award

MSMIS majors who complete a minimum of 3 SAP-approved courses are eligible to receive a SAP University Alliances Student Recognition Award (formerly known as the SAP Certificate) signed by the SAP University Alliances (UA) Program Manager and the Department Head of Information Systems. MSMIS majors with a concentration in Enterprise Resources Planning or Business and Data Analytics Concentration typically receive this award. Students who earn the Recognition Award satisfy the education requirements to enter SAP's TERP10 certification process.
